

Appendix K: Confidence Assessment Evidence Spreadsheets

(Cross reference to Sections 4.2.3 and 4.3 of the Report and Appendix J)

The spreadsheets are designed to capture all the evidence gathered in the project and to determine which data were used within the Confidence Assessments.

The spreadsheet has the following tabs:

- Key – key to the colour coding used within the spreadsheet
- Confidence Assessment – columns describe all available evidence and the evidence used within the Confidence Assessment for presence, extent and condition.

The completed spreadsheets are provided separately.
